

# **THE SKIES ABOVE US**

**We look forward to spring  
When the skies above us stay lighter,  
brighter.**

**A hush has occurred  
A silence has ensued  
Disbelief.**

**When we look at the skies this evening,  
We will see more stars twinkling, hovering,  
shining.**

**The souls of those aboard the flight  
That did not make it to the runway.**

**When we trust in our God  
We know**

**The meaning of the light in the darkness.**

**We pray that the souls lost on this earth  
that night**

**Are twinkling brightly with You.**

**AMEN.**
